NPM

CRUD Operations

OOP

Agile Methods

RESTful API

PROJECTS

Responsive Website

Built alongside the Nucamp programming course - this responsive website fetches from a database using redux actions. To view the website with the corresponding data, go to the Github repository and follow the instructions.

NodeJS Server

Using NodeJS, Express, and MongoDB to work through backend capabilities, such as OAuth, Tokens, Secure Communication, and more.

Weather API

Gathering current weather data through openweathermap.org. Currently developing geolocation and other functionalities.

PROFESSIONAL EXPERIENCE

Audio Engineer

Marriage Builders, Incorporated: Apr 2018 – Present

A family owned business established in 1976 designed to help married couples by providing various resources, including a daily radio show. Marriage Builders® Radio reaches people all over the world to answer marital questions and provides a live discussion platform.

- Edit podcasts for the company's public archives and for radio stations to broadcast
- Enhance audio quality through the use of third-party programming systems

General Manager

Kirkwood Crates LLC: Aug 2018 – Mar 2020

A start-up business building shipping crates for regional manufacturers in midwestern Illinois. Founded July 2018, the business now serves several industrial companies with custom crates for secure freighting.

- Consistently increased annual revenue, while decreasing variable expenses
- Responsible for finding new clients and maintaining client relations
- Built company website and updated site as needed
- Scheduled daily and weekly goals for company employees
- Supervised daily operations and trained new hires
- In charge of purchasing, financial reports, and establishing profit goals
- Managed documentation of business transactions

Office Assistant

United Energy Workers Healthcare: Feb 2018 – Aug 2018

Provides home health services for affected energy workers suffering from an array of illnesses contracted during exposure to toxins while working. With dozens of satellite offices around the nation, they have helped thousands of clients increase their quality of life.

- Created documents and procedural tasks for standardization throughout satellite offices
- Handled clerical and organizational tasks
- Performed payroll duties of office staff and medical caregivers

PERSONAL DEVELOPMENT

Volunteer Leader | Youth With A Mission

2013 (Idaho) – 2014 (India)

International non-profit, faith-based organization leading youth to help those in need. By connecting with worldwide volunteer bases, young adults have the ability to impact communities through various ministries.

- Trained youth to become confident public speakers
- Served as a mission team leader in the role of operations manager in India

Eagle Scout | Boy Scouts of America

2012
