FULL-STACK DEVELOPER

I am a full-stack developer specializing in JavaScript and Nodejs. My experience has provided me with a variety of web development knowledge and practical skills – primarily HTML, CSS, JavaScript, Nodejs, MongoDB, React, and React Native. I am passionate about coding and the amazing things I can create with code. I would love to join a team where I can not only utilize my existing skills, but also expand on them.

PROFESSIONAL EXPERIENCE

Audio Engineer

Marriage Builders Radio: Apr 2018 - Present

- Edit podcasts for the company's public archives and to broadcast to radio stations. Continually find and develop techniques to improve audio quality.

General Manager

Kirkwood Crates LLC: Aug 2018 – Mar 2020

- Responsible for finding new clients and maintaining client relations. Meet with clients to verify healthy relationship, address any concerns, and talk about future projects and developments within both companies.
- Schedule daily and weekly goals for company employees. Help on the operations floor by cutting lumber, building, and assembling wooden crates for on- time deliveries.
- In charge of finances and financial decisions, including buying lumber and supplies, create financial reports, manage documentation of business transactions, and more.
